KX-T7315

Speakerphone Set

The Panasonic KX-T7315 is designed to meet your requirements enabling fast and efficient call handling with hands-free speakerphone. This telephone includes programmable soft keys, tone/pulse settings, flash key, and large neon lamp which shows you when an incoming call arrives. This economical telephone makes your business run smoothly through versatility and ease of use.

Outstanding features with built-in quality

- 1 Large Neon Lamp:** Will blink while receiving an incoming call. The neon lamp can also function as a message waiting lamp*.

*This feature requires a PBX that can provide 80 to 100 VDC to turn on message waiting lamps.

- 2 Mute:** Mutes your voice to the caller while still allowing the reception of the caller's voice.
- 3 Program:** To store numbers into soft keys.
- 4 One Touch Tone Switching:** This feature lets you temporarily switch to tone from pulse mode by pressing the asterisk button for access to tone-only services.

- 5 One-Touch Redial:** Dials the last number dialed.
- 6 Hands-Free Speakerphone:** For on-hook dialling, as well as hands-free and group conversations.
- 7 Timed Flash Memory:** To access various PBX features and to program them into automatic dialling memory.
- 8 Electronic Volume Control:** Lets you adjust the volume level for the handset (3-step) and speakerphone (12-step).
- 9 Pause Control:** This is convenient to use as an automatic dialer behind a PBX, or for use with special telephone company services.

- 10 16 Programmable Soft Keys (including lower stations):** Can be used for the most frequently used features or as one-touch dial keys.

- 11 Tone/Pulse Selector:** Allows you to access either tone or pulse dialling methods.
